Five tools in one.

A favorite among body shops worldwide. The reason? The Deluxe Prep Center™ contains a hot water extractor, wet/dry vacuum, four chemical dispensers, tool tray, and interior dryer—all in one place. No other machine organizes a detail shop like this one. Imagine one workstation that can do several jobs—on one power cord. Imagine the increased revenues from not having to move the vehicle from machine to machine, or to switch machines after each step in cleaning. Can you imagine that? Stop imagining—start profiting!

PERFORMANCE

The high performance vacuum motor and viton sealed pump provide durable, long lasting use even in rough environments.

CONVENIENCE & SAFETY

This stationary unit provides an easy place to store tools, chemicals, and more. The color code hoses help make sure the right chemical is used.

DURABILITY

The housing on the unit is made of tough polyethylene material, which resists denting or rusting.

VERSATILITY

This single unit can be used to accomplish a multitude of tasks, from vacuuming, to dressing tires, to blow drying—and much more.
