### **Stackable shelves.**

These new heavy duty plastic shelves are a rugged, durable, and inexpensive option for any van. Our quality construction allows us to extend a limited lifetime warranty unmatched in the industry.

### **PERFORMANCE**

Mytee's P542 Modular Shelves™ unique structure and heavy duty plastic allows it to hold up against wear and tear, outlasting other shelves.

### **CONVENIENCE AND SAFETY**

Convenience is provided with the ability to house chemicals and other tools within reach right in your vehicle. The floor and wall mounting kits prevent shelves from leaning or collapsing giving the assurance that supplies are safely stored.

### **DURABILITY**

Mytee's P542 Modular shelves™ are made of a rugged, durable heavy duty plastic which allows storage for tools, chemicals and or liquid containers.

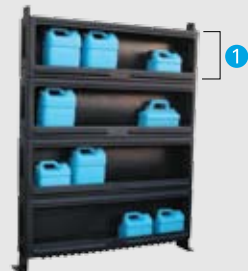

### **POWER**

Each light-weight individual shelf is able to hold ten times it's weight. The ridges found on the shelf provide extra support.

### **VERSATILITY**

Mytee's P542 Modular Shelves™ have an attachable feature that allows one to stack as many shelves as one likes. There is also an option of having a elevated mounting kit which allows the shelves to be mounted over the wheel well of vehicles.

- 1 INDIVIDUAL SHELF
- 2 WALL KIT
- 3 FLOOR KIT
- 4 WHEEL WELL KIT
